

HAPPY RETIREMENT, BRUCE KONZELMAN!

Congratulations and Best Wishes to Bruce Konzelman on his retirement effective January 30, 2026! Bruce has had a long and successful career as an Illinois attorney, faithfully serving thousands of clients over the span of more than fifty years practicing law. Bruce carefully guided clients through real estate transactions, large and small. He assisted countless businesses in getting started and counselled innumerable individuals on how to best protect and provide for their families with good estate planning. Throughout his legal career, he has been as committed to helping his individual clients as he has been to serving large corporate clients.

Bruce learned his work ethic growing up on a farm, and that work ethic carried over into his service in the United States Navy, and then into and throughout his legal career. He still owns a farm and has been proud to represent many fellow farmers over the years.

And now, finally, Bruce gets to devote more time to working on his farm and gardening but at a more relaxed pace. We hope he also golfs frequently, watches more football, and enjoys more time with his wife, his kids, and his nine grandchildren.

KGG wishes to thank Bruce for his service at KGG and for his dedication to his clients. We are grateful for his time with our firm.

Congratulations on an outstanding legal career and best wishes for a fun-filled and relaxing retirement, Bruce!
